

School-wide screenings:

Scoliosis Screening

The Elkhorn Area School District requires scoliosis screening as part of their requested physical exam for grade kindergarten, fourth, seventh and ninth.

There is no in-school scoliosis screening.

School Physical Examinations

The Elkhorn Area School District requests a physical and a dental check for all kindergarten, fourth, seventh and ninth grade students, in addition to new district students.

Physical forms are to be turned in to the school office by the first day of school. A student physical form can be picked up in the school office or found online in the EASD Nurses' Page under School Health Forms.
